

LE MOULIN

Please note that the hotel is currently being extended. An updated factsheet will be issued shortly.

At the heart of the village of Lourmarin, the hotel Le Moulin is located in an old 18th century oil mill. Jaune Architecture, a French agency, tells an authentic and sincere Provence through local colors and materials. We sleep there, we have lunch, we shop and relax, have a glass of pastis and play pétanque. Le Moulin is the village hotel, the local and friendly landmark open to all.

LE MOULIN

Le Moulin de Lourmarin is an authentic boutique hotel with character at the heart of Luberon. Located a few steps away from the castle of Lourmarin, the hotel receives its guests in an enchanting setting, surrounded by lime trees. Near the fireplace, in the guest lounge, on the terraces or in the patio, in spring, summer or in all seasons, the Moulin de Lourmarin is the ideal place to enjoy the tranquility of the time that passes so serenely in Provence.

ROOMS AND SUITES

In a sober and elegant Provencal style, the 28 rooms of the Moulin are highlighted by noble materials: raw wood and handcrafted earthenware. Overlooking the shady patio or flirting with the fig tree or the magnolia, the rooms invite you to relax.
